

In a market currently saturated with similar-sounding bands trotting out the same tired songs, **Simply Rad** stands alone - a fun, polished 5-piece female-fronted band with 3-part harmonies and rich instrumentation faithfully covering the most popular songs from the 1980s. Experienced in performing at all sorts of events, including weddings, private parties, corporate functions and clubs, **Simply Rad** provides a unique and nostalgic musical experience guaranteed to entertain.

Year after year, 1980s pop music is a proven favorite of people of all ages. Song request charts are filled with artists like Madonna, Bryan Adams, and A-ha; television commercials use these songs as background music more and more; younger pop stars are revisiting the era and exposing it to a whole new generation. **Simply Rad** recognizes all of this and brings this wildly popular genre of music to the stage.

Simply Rad is made up of 5 talented and professional musicians with decades of stage experience among them:

Serena Andrews: *Vocals*

Caleb Cook: *Bass, Vocals*

Diana Nolan: *Keyboards, Vocals*

Tim Nolan: *Guitar*

Matt Cote: *Drums*

Knowing that every performance venue has its own character and requirements, **Simply Rad** can reconfigure their sound and instrumentation to do the job. For a restaurant or corporate function, the entire band might run "direct" into a mixing board - the guitar, bass, and keyboards all utilize professional quality digital equipment that eliminate the need for loud amps on stage, and electronic drums eliminate the stage volume of standard acoustic drums. In a club or bar where the customers expect a more raw sound, standard amps and acoustic drums would provide a louder stage presence. **Simply Rad** will work with you to provide the sound you need.

No worn-out cover band standards; no obscure B-sides or deep album cuts; no self-serving instrumental jams. **Simply Rad** pumps out nothing but one popular 1980s dance hit after another: Michael Jackson, Duran Duran, A Flock Of Seagulls, the B-52's, etc. Whatever your function may be, **Simply Rad** can fill your venue with fun pop music, keeping people dancing and entertained and making your event a success.

Simply RAD

'80s, New Wave, Retro Pop and Rock!
